

## What is your Style?

Established in 1995 our goal was not to become the largest DJ service in Oklahoma, but to have the best in quality entertainment.

### OUR STYLE OF DJING? YOU CHOOSE!

**REFINED:** Some affairs are more laid back. Music is the essential ingredient for class & elegance. We are professionals who understand that the proper mix and presentation of the music makes all the difference in creating an ambience of refinement for your wedding.

**HIGH ENERGY:** Pro Sound Entertainment knows how to create excitement at your event. We offer the best Dj's in the business when it comes to interacting with your guests. Watch your guests get involved! Watch the dance floor fill! This type of energy doesn't just happen! It is CREATED with professional party entertainers who are experts in making events fun!

**BALANCED:** There is no law that says your party has to be either low-key or high energy. It can be something in between. In fact, the best events are usually balanced. Pro Sound Entertainment knows how to crank up the fun with impeccable timing, then bring it down to give your guests a breather.

**This is your event. Everything we do is directed to meeting your specific event requirements.**  
**Just have a blast!**

**We normally book 6-12 months in advance but call for your date.**

**Ask about our free drink machines!**
